

EXCITEMENT OVER DISAPPEARANCE OF BROWN COUNTESS

Colored Man Mysteriously Disappeared
In Neighbor County Last August—
Foul Play Is Suspected—Mob
May Have Acted.

Ripley, Ohio, Nov. 18.—Some excitement is being worked up in the Indian Lick neighborhood over the disappearance last August of a colored man of that community.

It seems that John Carter, a brother of Charles Carter, who was sent to the state reformatory for the attempted rape of a little girl last spring, was in hiding in Illinois, and had returned home to collect the proceeds of a tobacco crop which he had raised and which M. List had sold for him the year before. He came to Ripley and had been at the home of Mr. Pence for several days when on Sunday morning he started to his home. He left Mr. Pence's place going over the hill, the nearest way, and was in sight until he had gone over a slight rise and just as he disappeared over the rise a shot was heard. Not much was thought of it at the time. The remark being made that somebody is shooting squirrels on Sunday, being all that was said at the time, but when the man for whom he had been working and who was still holding part of the pay he owed Carter, wrote to find out about when to expect him back, inquiry was made as to his whereabouts and he had not been located. It was remembered that on that Sunday night there was a large brush fire on the Carter place and the odor of meat burning. The next morning after he left the Pence place one of the Pence children found on the road when he went to get the mail a coat sleeve which looked to him like the same piece of goods as was worn by Carter while staying at the Pence home. When he returned home he told his mother of seeing it and she had no thought of any foul play and told the child to bring it home the next morning but the next morning it was gone.

The money deposited by Mr. List is still in the bank and the suit case which John Carter brought with him having an extra change of clothing is at Mr. Pence's. The sheriff is investigating but so far has found no clue to the disappearance.

SOMETHING TO THINK ABOUT.
The Pastime has booked some special feature productions for this week at no advance in price.

Starting Monday with Jack Muthall in "The Hero of the Hour," a western feature which is a thrill from start to finish. This is an exceptional picture that ladies will enjoy as well as men.

Sam Middleman wants best hides. will pay the highest cash price 2021-19

BOY SLAYS FATHER AND IS VINDICATED BY JURY

Coroner's Jury Says Youth Was Compelled to Kill His Own Father
In Self-Defense.

Bloomfield, Ky., Nov. 17.—Cnl Goodwin, 40 years old, of Bloomfield, died early today of gunshot wounds inflicted when in an altercation with his son, Otis, 19 years old.

The shooting took place on the farm of a neighbor, Ed Cook, where the boy had taken refuge after his father, declared to have been drinking liquor, had driven him from his home. It was stated. Goodwin was shot twice, dying almost immediately.

The father had pursued the boy to the Cook place, when armed with two guns, according to reports. Leaving the weapons outside, he entered the Cook home and confronted his son. In the argument that followed the father is alleged to have struck the boy, who reciprocated by shooting Goodwin slightly in the arm. When Goodwin turned to leave, he received a second charge in his back, resulting in his death. The boy declared that he feared his father was going after the shotgun he had left outside.

A coroner's jury at Taylorville has exonerated young Goodwin. A verdict freeing him and declaring "beyond a reasonable doubt it was in self-defense" was returned.

ORANGEBURG SCHOOL DEDICATION TODAY.

Several local people accompanied the Honesboro Band to Oranburg Saturday morning to attend the formal dedication of the new Oranburg Consolidated school building. It is expected that, despite the bad weather, there will be many in attendance.

CARTOONIST ENTERTAINS LARGE CROWD AT HIGH SCHOOL.

There was a splendid audience at the High School Friday evening to see and hear Ash Davis, the cartoonist. His entertainment was everything that was promised for it and every one in the audience was very much delighted. His entertainment is far above the ordinary.

SALE OF SCHOOL HOUSES.

The Oranburg Building Committee will offer for sale on Thursday, November 23, on the premises, the school houses in the Oranburg Consolidated School district as follows:
Gilead, 10:30 a. m.
Oakwood, 11:30 a. m.
Oranburg, 1 p. m.
Stone Lick, 2 p. m.
Bernard, 3:30 p. m.

FORTUNE TELLER PICKED UP, CHARGED WITH BEING FAKIR

Youth Who Posed as Son of C. & O.'s
General Manager Married Russell
Girl After Breaking Into
High Society.

Lexington, Ky., Nov. 17.—A "crystal gazer" and reputed self-styled fortune teller, who gave his name as George W. Parrish and refused to state his address, was arrested at the Savoy theater in Nicholasville Thursday night just as he was finishing his performance and brought to Lexington, where he was kept in the police station overnight and was taken this morning to Russell, Ky., where he is reported to be wanted.

The arrest was made by the Nicholasville chief of police, James R. Chambers, and by C. & O. Railway Detectives Stewart, Lexington, and J. A. Layne and R. B. Payne, of Ashland. They were accompanied to this city by Parrish's pretty 17-year-old wife, who is the daughter of the Rev. Mr. Isom, of Russell, and who married Parrish late in October in Russell, where he was said to have masqueraded as the son of J. B. Parrish, general manager of the C. & O. Railway.

Mrs. Parrish stayed Thursday night at Detective Stewart's home and left this morning for Russell to go to the home of her parents, who have been searching for her since she and the fortune teller left that town on their honeymoon November 2.

Detective Stewart said this morning that he and other C. & O. detectives have been hunting for Parrish for some time, as he is wanted at Russell, Ky., Ironton, Ohio, and Charleston, W. Virginia.

Mr. Stewart's story of the affair follows:

"Parrish, as he calls himself, came to Russell during the recent railway strike and procured employment with the C. & O. Railway. He told the people of the town that he was the son of General Manager J. B. Parrish, of the C. & O., and was accepted by them on that basis, becoming acquainted with the best people of the town.

"He met Miss Isom, the daughter of a prominent minister of Russell, and courted her, marrying her about three weeks ago. When a personal friend of General Manager Parrish met him and, hearing his claim of kinship with the company official, told him that he knew that Mr. Parrish had only two children, both small girls, he laughingly admitted that he had been 'kidding' about that and said that he was really Mr. Parrish's nephew. He is really no kin to our general manager.

"Parrish and his wife came to Lexington on their honeymoon, November 2 and stayed here until November 7. During that time he is said to have been guilty of misconduct which has led to his arrest."

SMALL FIRE IN WALNUT STREET.

Fire caused by a defective chimney in the home of Mr. Rhodes at Third and Walnut streets late Friday afternoon called out the fire department. The fire damaged a press considerably and had the department been a few minutes late there would have been a bad fire. The house was owned by Mr. Joseph Jones.

MAYSLEICK MAN DIES.

Mr. George P. Gibson, aged 60, died in his home near Mayslick Friday evening at 6 o'clock. He is survived by his wife and two children. The funeral will be held at the Mayslick Baptist church Sunday at 11 a. m. and burial will be made at the Mayslick cemetery.

PASTOR MULLEN IS VERY CRITICALLY ILL.

Rev. John Mullen, pastor of the Christian church, who is a patient at Hayswood Hospital, suffered a relapse Friday and is Saturday in a very critical condition. His relatives have been notified to his bed side.

POSTED NOTICE.

Notice is hereby given to the public that the lands of the following are posted against hunting with gun, dog, or trap. Trespassers will be prosecuted:
Miss Sallie Shanklin.

ADMINISTRATOR'S SALE.

As administrator of the estate of P. F. Gerbrich, deceased, Judge H. C. Curran Saturday sold the deceased's automobile at public auction to settle the estate.

INVESTIGATOR SAYS STATE JOURNALIST HAD CRAMPS

Cramps While in the Ohio River Is Assigned as the Cause of the Death of John A. Baird, Former Newspaper Man, By Investigator.

Louisville, Ky., November 17.—Belief that John A. Baird, millinery dealer and former newspaper man, met death by drowning in the Ohio River when attacked by cramps was expressed today when Froman F. Coots, President of the Falls City Ferry Transportation Company, who has investigated the case, declared that a number of persons had seen the skiff Mr. Baird had used previously to the time it was run down by the ferryboat, Henry Watterson.

These persons had reported seeing the skiff undamaged and unoccupied, he declared.

Chaplain Charles Bottorff, of the Henry Watterson, and Mr. and Mrs. E. M. Dly, Jeffersonville, aboard the Henry Watterson, all have reported having seen the skiff unoccupied, according to the officer, before the Watterson struck it.

HOSPITAL NOTES.

Rev. Mullen's condition remains critical.

Mr. Bruce Barley, who recently had both legs broken in an accident, was taken to his home in Lewis county Friday.

Mr. Harry Cropper, of Reckerville, who underwent an operation recently, returned home Friday.

Mr. Albert Fritsch, of Maysville, underwent an operation for appendicitis the first of the week and is doing nicely.

Lovel Easybuck, little son of Mr. Joe Easybuck, of the county, has returned home after undergoing a minor operation.

Mr. Tom Tyler, of Germantown, continues to improve.

Mr. Henry Taylor, of Bracken county, is doing nicely.

Mrs. Cora Berry, of Mt. Olive, is improving rapidly.

POOL WAREHOUSE DIRECTOR HERE ON FRIDAY.

Mr. Ralph M. Barker, Director of Warehouses of the Burley Co-operative Association, was in Maysville Friday making arrangements for the opening of the association's new re-drying house here and in conference with Vice President James M. Kehoe in regard to the opening of the Maysville warehouses for the receipt of tobacco.

COUNTY COURT.

In the Mason County Court the inventory and appraisal of the personal estate of Mrs. Mary C. Dodson-Harding was filed and ordered to be recorded.

SLAYER OF FORMER GERMANTOWN MAN MUST DIE IN CHAIR

Court of Appeals Sustains Scott Circuit Court in Sentencing Murderer of W. O. Barkley to the Electric Chair.

Frankfort, Ky., Nov. 17.—Henry Banks, negro, must pay the death penalty for the murder of W. O. Barkley, policeman, of Georgetown, the Court of Appeals held today in affirming the sentence imposed by the Scott Circuit Court. The court held that Banks shot and killed Barkley in an attempt to avoid arrest, and declined to set aside the finding of the lower court.

Declaring that the reply brief filed in behalf of Clem Huggins, Louisville, in his fight to prevent payment of three fines assessed by Judge William H. Field, of the Jefferson Circuit Court, on charges of contempt of Court, contained "much unnecessary and defamatory matter," Judge Gus Thomas, in the Court of Appeals, today refused to grant the relief sought by Mr. Huggins.

The fact that a defect in the wiring of city lights is hidden does not exempt the city from liability in the event of injury to citizens, the Court of Appeals held today in affirming the \$2,000 judgment awarded to the administrator of Charles H. Ivey against the city of Paducah. The city contended that it was not responsible for the wiring and that it could not be held to be liable for injuries resulting from conditions of which it was not aware.

SPECIAL INTEREST IN CHURCH SERVICE SUNDAY.

Special interest should attach to the services at the First Baptist church Sunday for the members of this denomination. Pastor Davis has just returned from the annual meeting of the General Association of the state and will probably have some interesting reports to make.

MANY FARMERS IN CITY.

The rain Saturday morning made it impossible for farmers to work on the farm and the city was visited by a large number during the day. The talk on the street is all of tobacco stripping and it appears that there will be an unusually fine crop of the weed in this section this year.

KILGORE-HUGHES.

Marriage license was issued late Friday to Mr. Emerson Hughes, aged 27, and Miss Mabel Kilgore, aged 18, both of Lewis county.

TWO MURDERED BY MAD MAN, WHO SUICIDES

Two Women Are Killed By Insanely Jealous Sutor, Who Then Takes His Own Life.

Aberdeen, Wash., Nov. 18.—Two women were murdered by an insanely jealous sutor, who then wounded a supposed rival and committed suicide, according to an account of the triple tragedy made public today by Sheriff Gibson, of Copalis Beach, 20 miles north of Aberdeen.

The sheriff pieced together the murder mystery as he found, one after another, the bodies of the victims.

First Gibson came across the body of Miss Nancy Bolton. The girl had fought desperately for her life, according to mute evidence. Her body lay on the beach, shot in the back and mutilated.

A few minutes later, in a nearby cabin, Gibson found the body of Mrs. J. T. O'Brien. She apparently had been dragged from bed and shot through the heart.

Following the murder trail from one little cabin to another in the group at Copalis Beach, the sheriff came upon the body of Hjalmar Anderson. One fist clutched an old service revolver. With the other hand the dead man still clung to a bloody pocketknife.

300 WIVES MOURN FOR TURKISH SULTAN.

Constantinople, Nov. 18.—The Sultan's wives and ladies of the harem are overwhelmed with grief and dismay over the flight of the Sultan. They did not know he was going.

The Sultan's youngest wife, 22, whom he married only nine weeks ago and who is the daughter of his gardener, became hysterical when the fact of the Sultan's flight was confirmed, and the seven faithful eunuchs, who acted as personal bodyguard to the Moslem ruler for the last five years, gave themselves up to despair, fearing that the Sultan had been kidnapped by the Kemalists. The other eunuchs and the ladies of the palace, numbering 300, wept bitterly and soon the whole palace was in a state of commotion.

WILLIAM G. SHARP EX-U. S. ENVOY, DIES.

Elyria, Ohio, Nov. 17.—Funeral services for William G. Sharp, former Ambassador to France, will be held at the Sharp home here Monday. Mr. Sharp, who was 63 years old, died today after an illness of three days.

Mr. Sharp's death was caused by high blood pressure with a general nervous breakdown as the contributing cause, a specialist announced.

GREAT SUM WAS SPENT LAST YEAR IN RELIEF WORK

Eight Million Five Hundred Thousand Dollars Spent Last Year By the Red Cross for Benefit and Comfort of Ex-service Men and Families.

Think of it. Nearly nine million dollars spent last year by Red Cross Chapters, looking after disabled ex-service men, their wives, children and good old mothers. It is a source of great pleasure to know that the Mason County Chapter of American Red Cross, did its part towards alleviating the suffering of her soldier boys and their families, to know that all the poor, sick and wounded who knocked at its door went away joyous. Calm and confident the ex-service men and their families lean trustingly upon the Red Cross, and if it weakens, and fails, they will have nothing to assure them that their families will be given assistance.

If adversity should again overtake them; so let's not fail the boys and their families but stand by them now like they stood by us at Chateau Thierry, in the Argonne and Cantigny. "As ye would that men should do to you, do ye also to them likewise." GIVE! GIVE! GIVE! MASON COUNTY CHAPTER AMERICAN RED CROSS.

ELECT DIRECTORS FOR FARMERS' CREAMERY.

Stockholders in the Maysville Farmers' Union Creamery are holding an election of directors at a meeting held Saturday afternoon at the court house. As soon as the directors are chosen arrangements will be completed for starting the big project to which several thousand cows have been signed.

JUMPS FROM BRIDGE AND DROWNS.

Funeral services of Harry Pete Lukowsky, 27, of 315 Madison avenue, Covington, who committed suicide by jumping into the Ohio River from the Suspension Bridge late Friday will be held at Cincinnati Crematory Chapel Sunday, 2:30 p. m.

Mrs. Estelle Sackott, of Louisville, is the guest of Mrs. Ernest White at Whitehall.

COACH SCHNEIDER
MAKES PLEA FOR
SCHOOL SPIRIT

Local High School Athletic Director
Addresses School Body at Chapel
On More Interest in
School Games.

Coach George Schneider, of the Maysville High School, made a strong plea for more school spirit in an address to the entire school body at Chapel Friday. Mr. Schneider said in part:

The football season closed, for M. H. S., last Saturday; basketball practice for the boys begins on Wednesday. In this lull, between the two seasons, I want to review one and outline the other.

After an absence of 12 years football made its reappearance "this year and about 20 answered the first call for practice. For various reasons, some of the boys dropped by the wayside so that we had about 16 in one squad. These fellows practiced regularly and faithfully. They received their knocks and bumps and learned to come up smilingly.

We played six games and lost six against M. M. L. F. H. S. (2), C. C. H. S., C. H. S., and Kenova. In each case excepting against Flemingsburg, we played against experienced teams; in every case were outwitted and—It is the consensus of opinion—in every case out-played our opponents.

If my memory is correct, we went through the season without a penalty. After each game, it was my privilege to have the coach of the opposing team and the officials come forward and compliment the boys, through me, for their sportsmanship and clean playing.

It took about \$200.00 to equip and outfit the team. Mr. Noel borrowed part of the money to pay for the uniforms. Our first home game—against Flemingsburg—thanks to the goodly number that came with them, several children from the grades and a few of you girls, was a financial success. Our second home game, vs. Winchester, was a blot on the sportsmanship of the city. If it had not been for six of the girls, four or five of the boys and the parents of the fellows who wore playing, the game would have been played before the officials and the substitutes. We should have won that game and, I believe, would have had we had your moral support. After a good deal of coaxing and pleading we managed to get a crowd out for the Carlisle game. We had a good crowd, the boys played hard and according to post mortem "dope," we won the game. Those of us who have followed each game saw what your presence meant to the boys. For your information, though let me say that in spite of the crowd, we did not make expenses.

The expenses do not worry us. As the farmer said, "What do we care for them when we have so many of them." What we want, what we have to have, is your moral support. Look back over the season and answer these questions: Have I seen the M. H. S. football team in a game this year? Did I go to two of them? Did I support them in all three of their home games? Some of you have been most liberal in your support. You have even gone to cheer the team when they were playing on foreign fields. You have given of your time and energy unstintingly. You did any and everything that was asked of you without hedging and asking, "Can't you get so and so to do it?" In short, you "carried the message to Garcia." Your school is proud of you, the team appreciates what you have done for them and I on my own and their behalf, thank you.

But, there are some of you who have not seen a single game and the only excuse that you could offer would be "I haven't any school spirit." If that were the only way in which you failed to support the team perhaps it would not be so bad, but you had to knock, you made fun of the fellows, you derided their efforts, you spoke disparagingly of them to outsiders, you laughed at our efforts to turn out a team. Mr. Cap-scribes your type to a nicety.

"When the Creator had made all the good things, there was still some dirty work to do, so He made the beasts and reptiles and poisonous insects, and when He had finished He had some scraps that were too bad to put into the rattlesnake, the hyena and the scorpion, so He put all these together, covered it with suspicion, wrapped it with jealousy marked it with a yellow streak, and called it a 'knocker'."

"This product was so fearful to contemplate that He had to make something to counteract it, so He took a sunbeam and put in it the heart of a child, the brain of a man, wrapped these in civic pride, covered it with brotherly love gave it a mask of velvet and a grasp of steel, and called it a 'Booster'; made him a lover of fields and flowers and menly sports, a believer in equality and justice, and ever these two were, mortal man has the privilege of choosing his associates."

"To catch the booster germ, it's contagious. A few here have it. Ex- pose yourself to it. While the majority of you have been indifferent, a few, boosters and the rest, knockers, what has the squad been doing? What have the members sacrificed? I'll try to tell you. They have been faithful, coming out almost every afternoon to practice, giving up their play time. In addition to making the sacrifice of time they have had to spend money, for there are items of personal equipment which the school does not furnish. They have been obedient, responding to my every whim and wish. As I said before they received their bumps and bruises, some more serious than others. In our first game, Wood twisted his ankle so that he was out for the rest of the season; Simpson tried to change the direction of his nose; Matthews received a severe bone bruise; Alex in Saturday's game managed to mark his fingers. I believe, for a good many years and Frissell, played his last game. There were several other casualties but not as severe. With it all, the fellows came up smilingly, realizing, I hope, that they were getting a taste of some of life's knocks. They did learn discipline—that lesson that tells you that you must do a certain thing when you are told to do it. Without discipline, signals would be valueless and what should be a football game would be a young riot. They also learned the value of team-work as compared to individual effort. Then, too, they learned a lesson in democracy. They learned that it was their efforts that counted, that it was each and everyone of them that was being tested and not who their parents were or what they were worth."

The school benefited by having a football team this year. If in no other way than it has been advertised as a school that sponsors clean athletics, as a school that turned out a team that fought until the last whistle blew.

The season is over. I want to thank the members of the squad for the way in which they supported me. It was a pleasure to work with you.

So much is history. Let us look into the future.

Wednesday starts the basket ball season. How are you going to support it? The girls have been practicing for a couple of weeks and are developing a strong fast team.

Last Wednesday, 49 of the boys reported as members of the basket ball squad. Naturally some of them will be eliminated but they have shown the right spirit. They have put to shame some of the boys of the school who made no effort to come out for foot- ball and have not, as yet, said anything about coming out for basket ball. All they have done has been to ridicule some who have reported.

Can't we eliminate this feeling? Can't we all get behind the two squads—boys and girls—and start them off in good spirits with the feeling that every member of the school is behind them, that we believe in them, that we know they will win? Sure we can. And when we have done this, the boys and girls will enter into the practice with more vim, competition for places on the varsity will be more keen, new life will be given to the coaches and the sum of it all will be winning teams.

Mr. Noel will explain to you a plan for the raising of funds for expenses of the basket ball teams. It is a feasible plan and one that should and I am sure will receive the support of every member of the High School so when he presents it to you accept it. Then he will know how far he can go toward getting equipment, visiting teams, etc.

Our first game is with Sardis and is to be played on our floor on December 1st. Every square inch of available space in this room should be covered that night and will be if you will boost—boost in school, in your homes, on the street.

The schedule is not complete but from the start made we will have a full one. Are you for us or against us?

COMMENT

Thursday night's session of 'City Council was a real love feast. No business and no excitement. Rather unusual and quite refreshing.

In work about the house fall and winter have one big advantage over Spring and Summer—we don't have to cut the grass. But we can't tell when we will have to shovel snow.

A former local editor most every year on a cold bleak morning in early Spring would head his editorial column by saying, "Winter lingers in the lap of Spring." It would be quite fitting this fall to reverse this editorial squib and remark that Summer lingers in the lap of Fall.

Although they are going to be high, as usual, it looks like there will be many turkeys this year for Thanksgiving. Flavoring for the plum pudding is scarce at any price, however.

It is to be hoped that the provisions of the city's milk ordinance will be enforced against those who are failing to comply with its requirements. Following the statement of the Health Officer that all known dealers in milk have complied with the law, it was stated on the floor of council Thursday evening that the officer was mistaken and names were called. Let's enforce this law for it's a good one.

The Maysville football squad has closed the season. They did not win a game but the boys got much experience and should be enabled to put up a pretty stiff brand of scrap next year. Don't lose heart boys but come back next fall. Basket ball will have our attention now until Spring. In this sport M. H. S. should fare better.

Another of the old landmarks has gone. The old silver poplar at the Blanchard corner, better known as "Congress Corner," has been cut down. Beneath this old tree has been discussed in heated argument most every question that ever entered the mind of man. Scores who have loafed in its shade have passed on. If it could talk, it would have had an interesting story to tell. All boys have trees they remember as associated with high lights in their childhood. This old tree was our best friend and held us firmly the day we took the first chew of tobacco. An old friend has gone.

There's one man who has demonstrated that he is stronger than his party and that's Senator Jim Reed, of Missouri, who, in spite of his party, is returning to the United States Senate for another term.

STOLEN PURSE RETURNED
AS OWNER KNEELS, PRAYING.

Louisville. — While Miss Kathryn Hammer was kneeling in prayer at the Cathedral of the Assumption a week ago her purse was stolen. Several days later she received a letter stating the purse had been stolen by one who was hungry. The sender also wrote that it would be returned in the same manner in which it was stolen. Miss Hammer found her purse, minus the small amount of money, when she arose from prayer.

Our first game is with Sardis and is to be played on our floor on December 1st. Every square inch of available space in this room should be covered that night and will be if you will boost—boost in school, in your homes, on the street.

The schedule is not complete but from the start made we will have a full one. Are you for us or against us?

What is the greatest word in the English language? It all depends upon circumstances. In some instances it would be Mother; in time of temptation, "No"; then there is that little word, "If." These do not apply to athletics. There is a word of unknown origin that has of late come into notice which applies particularly to athletics. It is "Spizzerintum" and is defined as "Pep" plus the "overmastering will to succeed." The members of the teams have the "will" but you and the citizens of this city must supply the "pep." What is "PEP"?

To say "They will" when you know they can.

That's Pep.

To look for the best in every man.

That's Pep.

To meet each thundering knock-out blow.

And come back with a laugh because you know.

You'll get the best of the whole darn show.

That's Pep.

BLOW ON CHIN LOSES
PRISONER FOR DRY AGENT.

Louisville.—Prohibition Agent J. L. Asher nursed a sore chin and reported the loss of his first prisoner. While "scouting" the prohibition agent saw two men transferring a cargo of liquor from one auto to another. He arrested and handcuffed Russell Shocksles, negro, and W. G. Dooley. A third member of the party seated behind the wheel of the machine delivered a blow to the chin and drove away with the greater portion of the evidence.

It is to be hoped that the provisions of the city's milk ordinance will be enforced against those who are failing to comply with its requirements. Following the statement of the Health Officer that all known dealers in milk have complied with the law, it was stated on the floor of council Thursday evening that the officer was mistaken and names were called. Let's enforce this law for it's a good one.

The Maysville football squad has closed the season. They did not win a game but the boys got much experience and should be enabled to put up a pretty stiff brand of scrap next year. Don't lose heart boys but come back next fall. Basket ball will have our attention now until Spring. In this sport M. H. S. should fare better.

Another of the old landmarks has gone. The old silver poplar at the Blanchard corner, better known as "Congress Corner," has been cut down. Beneath this old tree has been discussed in heated argument most every question that ever entered the mind of man. Scores who have loafed in its shade have passed on. If it could talk, it would have had an interesting story to tell. All boys have trees they remember as associated with high lights in their childhood. This old tree was our best friend and held us firmly the day we took the first chew of tobacco. An old friend has gone.

There's one man who has demonstrated that he is stronger than his party and that's Senator Jim Reed, of Missouri, who, in spite of his party, is returning to the United States Senate for another term.

STOLEN PURSE RETURNED
AS OWNER KNEELS, PRAYING.

Louisville. — While Miss Kathryn Hammer was kneeling in prayer at the Cathedral of the Assumption a week ago her purse was stolen. Several days later she received a letter stating the purse had been stolen by one who was hungry. The sender also wrote that it would be returned in the same manner in which it was stolen. Miss Hammer found her purse, minus the small amount of money, when she arose from prayer.

Try a Ledger Want Ad. It Pays.

Our first game is with Sardis and is to be played on our floor on December 1st. Every square inch of available space in this room should be covered that night and will be if you will boost—boost in school, in your homes, on the street.

The schedule is not complete but from the start made we will have a full one. Are you for us or against us?

What is the greatest word in the English language? It all depends upon circumstances. In some instances it would be Mother; in time of temptation, "No"; then there is that little word, "If." These do not apply to athletics. There is a word of unknown origin that has of late come into notice which applies particularly to athletics. It is "Spizzerintum" and is defined as "Pep" plus the "overmastering will to succeed." The members of the teams have the "will" but you and the citizens of this city must supply the "pep." What is "PEP"?

To say "They will" when you know they can.

That's Pep.

To look for the best in every man.

That's Pep.

To meet each thundering knock-out blow.

And come back with a laugh because you know.

You'll get the best of the whole darn show.

That's Pep.

BLOW ON CHIN LOSES
PRISONER FOR DRY AGENT.

Louisville.—Prohibition Agent J. L. Asher nursed a sore chin and reported the loss of his first prisoner. While "scouting" the prohibition agent saw two men transferring a cargo of liquor from one auto to another. He arrested and handcuffed Russell Shocksles, negro, and W. G. Dooley. A third member of the party seated behind the wheel of the machine delivered a blow to the chin and drove away with the greater portion of the evidence.

DAIRY PROFITS MAY DROP

IF COWS NEEDS SLIGHTED.
Lexington, Ky. — The time of the year is about here when the profits from Kentucky farm dairy herds begin to drop unless cows are given good feed and kept in comfortable barns, according to J. J. Hooper, head of the dairy department of the College of Agriculture. Although Kentucky winters are not as long or as severe as those of the famous dairy sections of the North, the same careful methods that help northern dairymen and farmers get bigger profits from their dairy cows can be used to advantage by farmers in this state.

"From now until next spring, cows should have a pound of mixed feed for every three and one-half pounds of milk that they give, and in addition should be fed ten pounds of clover, alfalfa, or cowpea hay and 30 pounds of silage daily. A good grain mixture may be made of found pounds of corn meal, two pounds of bran or shipstuf and two pounds of cottonseed meal. If silage cannot be fed, some succulent feed, like beet pulp, should be used unless the cows can get plenty of green grass."

"Dairy cows cannot be given good care at this time of the year unless they are kept in a barn all night and part of the day. This being the case, comfort and healthful surroundings for the cow are of first importance. Plenty of light, good ventilation and lots of clean bedding are the big items in making the cow comfortable. There should be four square feet of window glass for each stall or stanchion while the windows should be well distributed so that each stable gets plenty of light. In order to get enough air, each cow requires at least 500 cubic feet of space. The air in the stable must be changed frequently if it is to stay fresh at all times. This should be done without causing drafts of cold air on the cows or without unduly lowering the temperature in the stable. Fresh air may be admitted through windows hinged at the bottom and tipping inward."

SUNDAY SCHOOL LESSON

JESUS THE FRIEND OF SINNERS.

Luke, Chapter 7.—November 19.
(By C. H. RAYL.)

Sin and holiness, sinful man and the Holy Jehovah, were the dominant ideas in the Mosaic law. To impress the nation of Israel, which was to become a separate and holy people, and through them, to impress all people for all time with the great and central truth of the true religion, namely that a holy God can be pleased with none less than a holy people, was the supreme purpose of the system of Mosaic ordinances. Without this idea all the ordinances of the Mosaic law are meaningless.

Therefore a Gentile was a "sinner" by the fact that he was born without the law and lived without any regard to its provisions. Those who lived without regard to the Ten Commandments were sinners and they accepted the designation. On the contrary those who lived punitiously in harmony with the prescriptions governing the outward life had a right to deny that they were sinners, especially when they looked with hope for the coming Messiah.

Not only did they claim that they were not "sinners" but they declined to have any relations with those who were classed as "sinners." This they did in self-defense. They properly judged that sin is diffusive and contagious. To mingle indiscriminately and freely with sinners, to breathe the same atmosphere and come in touch with them was to expose themselves to its contagion. Now it is a beautiful lesson to notice how Jesus meets this situation. Jesus did not shrink from bringing the peculiar sins of the proud and loveless Pharisees and Sadducees to them, when it was necessary but we must note that He uses the utmost tact and infinite patience in His effort to

show that one could mingle with sinners and yet be immune from its power.

It would have been easy to break out in direct invectives. But here comes the sinful woman; tripped by the devil; looked down upon by the men and scornfully talked about by the women of her community. But she comes to Jesus.

With tears falling thick and fast she met Jesus, the sinner's friend. Her pent-up feelings of mingled gratitude, penitence, love and longing for entire cleansing and forgiveness give way into a storm of weeping, and her tears rain hot and fast upon the feet of Jesus. Immediately she stoops down and with the loosened tresses of her hair she wipes his feet, kissing them continually. She perhaps takes the only thing of wealth she has—the alabaster cruse of ointment—and pours it on his feet, thus giving her all to Him. Jesus seeing the penitence of her heart forgives her.

The King is Anointed.—It is customary to anoint a king as a sign of his divine ordination to the office of rulership. Though many already accepted Jesus as the Messiah—Israel's King—He had not yet been actually anointed, as had been every king from the line of David before Him. This act of consecration was now to be performed—not in the temple by the high priest, while all the people cried "God save the King" as Solomon had been crowned; but in the house of a Pharisee by a woman who was a sinner; for His mission was to extend from the highest ecclesiastic to the lowliest penitent. Taking the alabaster flask of ointment or perfume, which according to the fashion of her day, she quickly opens it and anoints Jesus' feet with its costly contents, for the poor crown of fragrance upon the head of her King. And Jesus allows her to touch and even kiss His feet, though He knows her past, and

others look upon her with scorn and loathing.

An Unspoken Question.—The Pharisee was horrified and when he saw no sign of disapproval on Jesus' face and heard no word of reproof from Him, Simon's mind was clear, and this was his unspoken thought, "This man, if He were a prophet, would have known who and what manner of woman this is that touched Him, for she is a sinner."

Question Answers Question.—Jesus reads His host's thoughts, and turning to him, gently says, "Simon, I have somewhat to say unto thee." His host tells him to proceed, and Jesus propounds a question: If a creditor generously forgives two debts, one of fifty pence, and the other of five hundred, which debtor loves his benefactor most? In so striking and so powerful a manner does He depict the relations of Pharisee and sinner to Himself that when Simon replies indifferently, "I suppose that he to whom he forgave most," the selfrighteous Pharisee becomes a witness against himself. Gravely Jesus says, "Thou hast rightly judged," and again He piles him with a question, "Seest thou this woman?"

A Modern Comparison.—"I entered into thine house, thou gavest Me no water for my feet, but she hath anointed My feet with ointment. My head with oil thou didst not anoint; but she hath anointed My feet with ointment. Wherefore I say unto thee, her sins, which were many, are forgiven; for she hath loved much, but to whom little is forgiven the same loveth little." How tender is Jesus even in rebuke. Turning to the fearful woman He said, "Thy sins are forgiven." She went in peace.

"Now is the time, here is the place, and this is the hour" for every one to do their bit by enrolling under the banner of the Red Cross.

WOULD CONNECT CHICAGO
WITH NEW YORK

The Type Used in One Year to Publish
Endorsements of Doan's Kidney
Pills.

Of the many kidney remedies on the market today, none other is recommended like Doan's Kidney Pills. Fifty thousand benefited people gladly testify in the newspapers of the own towns. Forty-five hundred American newspapers publish this home proof of Doan's merit. The type used in one year to tell this wonderful story would make a solid column of metal twice as high as the world's highest mountain. Placed end to end the lines of type would reach from New York to Chicago. These miles of good words told by 50,000 tongues around glad tidings to any Maysville sufferer who wants relief from kidney and bladder ills. Here's a Maysville case. Don't experiment. Use the remedy endorsed by people you know.

E. B. Lee, proprietor grocery store, 322 Market street, says: "I think Doan's Kidney Pills are a fine remedy and gladly recommend them. I use them every now and then when my kidneys get out of order or my back gets to hurting and the ysoon relieve the trouble. Doan's tone up my system and give me better health generally every time I use them." Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lee had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

MICE AND RABBITS START
DAMAGING WORK ON TREES.

Lexington, Ky.—This is the time of the year when farmers and orchard owners must be on guard to keep their fruit trees from being girdled and ruined by rabbits and mice, according to W. W. Magill, orcharding specialist of the College of Agriculture. These rodents often damage trees before owners know it and in some cases do more harm than insects. Fruit trees in some parts of the state already have been almost completely ruined by rabbits and mice. Cleaning the trash and rubbish away from the trees and then placing tobacco stems, newspapers or women wire netting around them is the best way to stop the damage caused by these rodents.

"Cleaning the trash and rubbish away from around trees with a hoe or mattock is a big step in stopping the damage done to trees by mice since these pests make their roadways under this trash. Woven wire netting costs more than corn or tobacco stalks but it is cheaper in the long run since it can be used for seven or eight years while the corn or tobacco stalks must be replaced each year. A piece of woven wire 18 inches high and from 18 to 24 inches long, when bent around the tree and fastened at the ends, will stand out far enough to shield the tree and give enough room for the tree to make several years' growth. The mesh of the netting should not be larger than one inch. Trees can be saved by the use of the wire netting for a cost of about four cents each. In case a down snow falls, trees may be shielded by lifting the cylinder of wire and packing the snow at the base of the tree. This is done to save the tree from the mice which do their work under the crust and the rabbits which work on top of the snow.

"Paper, corn or tobacco stalks are used, they should be tied around the trunk of the tree, the stalks being cut at end. These must be removed by the spring as the yfurnish a good hiding place for insect pests."

Coming Thanksgiving Day at the Gem, "The Four Horsemen."

CANDIDATE FOR GOVERNOR AGAINST MCCREARY DIES.

Cynthiana, Ky., Nov. 18.—William Addams, 72 years old, wealthy business man and for many years prominent in Democratic politics, died at his home here Thursday midnight after a long illness. He was formerly Mayor of Cynthiana and president of the National Bank of Cynthiana. For several years he was a member of the State Board of Agriculture, member of the State Democratic Committee and ran against McCreary for the Democratic nomination for Governor.

He is survived by his widow, six daughters, two sons and the following sisters: Mrs. J. C. Bayne of Shelbyville; Mrs. J. M. Boutelle of Demorest; and Mrs. Lucius Desha of Newcastle.

Mr. Addams has several relatives in Maysville and Mason county.

MAN WHO ONCE ATTENDED OWN FUNERAL IS DEAD.

Hillsboro, Ind., Nov. 17.—James Houser, 70, a retired farmer who three years ago attended his own funeral services, died this morning at his home here.

This time there will be only brief services, in contrast to the elaborate services held while he was alive. Desiring to know what his friends thought of him, Mr. Houser feigned death, and Miles Cooper, an old time friend, delivered the funeral oration, taking for his subject "prepare to meet thy God." Mr. Houser spoke following the funeral oration.

Special correspondents from metropolitan papers throughout the Middle West attended the funeral services.

GOVERNOR PLEDGES AID TO SHEPHERD-TOWNER MEASURE.

Frankfort, Ky., Nov. 17.—At the solicitation of Kentucky club women Gov. Edwin P. Morrow has undertaken to lead in the defense of the Shepherd-Towner maternity law against attacks by the states of Massachusetts and New York, which have not complied with the bill for co-operation with the federal government for the betterment of conditions, caused by ignorance and poverty, surrounding maternity.

The governor will communicate with governors of other states, which have accepted the terms of the law, and will make public a statement in a few days. Kentucky was the third state to approve the measure.

Mrs. Samuel Henning and Mrs. George P. Waldon, of Louisville, and Mrs. Harold Wales Marsh, of Lexington, saw the governor today and solicited his interest.

FATHER AND SON DRAW LIFE TERMS IN PRISON.

Pineville, Ky., Nov. 17.—Ernest Smith and his son, Ike Smith, who have been on trial in the Bell circuit court for the last three days charged with the murder of Levi Mason, were found guilty by the jury and each given a life term in the penitentiary. The killing occurred in the spring of 1921. Mason, who was an officer of Bell county, was with a posse of revenue officers in a raid on Brownie's Creek, this county, when he was killed.

MOTHER OF FOUR HELD ON CHARGE OF MAKING LIQUOR.

Paducah, Ky., Nov. 17.—Mrs. Mildred Lemon, 50 years old, of Christian county, was arrested yesterday by Deputy United States Marshal Ollie Barnett of Paducah on the charge of making illicit liquor. She will be tried in Federal Court, which opens here Monday. Mrs. Lemon is the mother of four children.

Mr. M. M. Gary, of the American Tobacco Co., Lexington, was meeting his many friends in Maysville Saturday.

Purebred livestock is gaining in favor with Warren county farmers, County Agent J. O. Horning says. Four farmers of the county recently have added purebred sires to their dairy herds.

CLAYHOLE ELECTION CASES CONTINUED IN BREATHITT.

Jackson.—The Clayhole and other election violation cases were called on the docket in the Breathitt circuit court and were continued on motion of the commonwealth.
